Nobody can tell
you there's only
one song worth
singing. They
may try and sell
you because it
hangs them up to
see someone like
you. Make your

Make your own
kind of music
even if nobody
else sings along. ©

You're gonna be
nowhere, the
loneliest kind of
lonely. It may be
worth going just
to do your thing;
the hardest thing
to do. But you
gotta make your
own kind of
music; sing your
own special
song. Make your
own kind of
music even if
nobody else
sings along. ©

DEDICATION

At Groveland High we have had many teachers pass through the doors. One teacher has on occasion limped through the door because of an injured knee or because of an early morning after working late with students the day before. She has been teaching at Groveland High for eight years and has been a dedicated class sponsor every year. Also, she has taken time in the afternoons for intramurals, G.A.A., and Cheerleading. She is the head of the Science department and is one of the best science teachers at Groveland. It is because of her time and effort that we dedicate this annual to MRS. PAT LEEKS.

Mrs. Clara Carmany was a dedicated math teacher who spent most of her teaching career at G.H.S. Although she is retired we see her at many school functions which help to support class activities and clubs. We feel that her support helps us accept the roles for which we are responsible.

Mr. Tommy Baker attended G.H.S. during his high school days. He is active in helping to promote the athletic programs by donating his time and efforts. We feel he has helped us by encouraging us to become young men and women.

The Varsity football team had a 3-7 record. The team was young and worked hard but their inability to compete with seasoned players was evident. Another problem was the injuries the team suffered throughout the season. However, we are looking for a strong comeback next year.

Coach Eason and her eleven dedicated young women won sixteen of their eighteen games. As a group the team proved that dedication and willingness to work together could bring a season filled with happiness and victory. We feel, that as a team, they brought a new kind of spirit and pride to our school. So as they lead; let us take this example and carry it on at G.H.S.

1976-1977 VARSITY BASKETBALL

The Boy's Varsity Basketball team had a season that showed hard work, but not quite enough to over come their youthfulness. One reason for their 4-21 record was the inexperienced young men who had not played competition basketball prior to this season. With team work and effort we are sure next year will show a better record.

Coach Blunt

Under the guidance of a new coach the baseball team has a new life in it this year. They have worked together as a team and have achieved some astonishing successes. The team will have many veterans returning next year, insuring another successful season. Coach Blunt has supplied the necessary ingredients to make sixteen individual young men into one well-organized team. We are proud of our baseball team and wish them great success in the future.

The Golf team is actively competing in tournaments for men and women. These students work hard to keep their game in shape by playing as often as possible. Their hard work showed because several school records were broken this year.

VARSITY

The 1976-77 Varsity Cheerleading squad was composed of five young women in the spring of 1976. These youthful ladies began working on projects to earn money for summer camp. Their camp efforts were evident since the Cheerleaders performed quality cheers and chants. Also, they worked hard to build up school spirit by performing skits and painting signs to make the Pep assemblies arouse school spirit. They were directed by Mrs. Pat Leeks, a science teacher at Groveland.

Whisper in our ears and all

Establishment,
Welcome
Back

This is my second year as principal of Groveland High School. My main goal is for all students to get a good education. I have tried hard to achieve this goal.

I have seen much change in the school, particularly the attitudes of the students. I feel they have begun to realize that a good education is of utmost importance.

I know there is still more work to be done, but with the help of the staff and the hard work of the students next year will be even better.

I, also, would like to congratulate the Seniors and wish them good luck in the future.

Gil Smith

Where is your hall pass, Sonny!

Finally, I found it!

I have been assistant principal for quite awhile, and I think this year has been the best year we have had in several years.

My advice to the students is to study and not waste time. Also, graduating Seniors work toward your goals and don't give up!

My favorite saying is, "Fear the Lord and keep his commandments."

The Class of '77' Says Good-bye

Eddie, GIBBONS

Class of '80

well now has life been treating you? I hope you aren't mind
me taking up the back of your book. But, I'm sure you won't mind,
I really hated seeing you leaving. It seems like when you left
the school went to pot, to me! It's really on + the dome with
out you! I'm even wondering I'm writing this 7/9/79
while I was looking at it I was saying I hadn't signed it
so, that's what I'm doing now. Not according to this book
but, according to now I'm a Super!!! I'll really be glad
to get back in school to. Just knowing it's my last
year makes it funner, is that a word? Well, I guess you
heard about me + KARL, my baby, today we have been
together 11 weeks and a day. I hope you wish us luck,
I don't want more than mom + dad, they are joining it better
though. Guess what, we are even getting married! I'm
not sure when though, mom thinks I'm crazy so she's
bad. She says it isn't love. But, I know it is!!! I should
be wishing you luck instead of telling me you about me
+ KARL. So good luck in everything you do. You know
you deserve the best because you are the best!!! I
really love and miss you!!! Well I better sign out for
now.

(KARL) Always
your friend

Sorry it
sounds like
a letter

Love always,
Eddie
